

Schindler Ahead MediaScreen

Keeping in Touch

Schindler Ahead MediaScreen makes paper a communication tool of the past. This in-car media solution provides relevant information to the riding public in real-time, with minimal effort and maximum attention. Share building updates, news, weather and entertaining content, ensuring that passengers always stay informed.

Perfect position

The practical placement of this solution makes it ideal for informing passengers, visitors and guests about the latest events in and around the building.

Benefits

Unique content: Content can be distributed and shown according to time, place and company design.

Enhanced Experience: Passengers will always stay informed and up to date while riding in the building.

Managed service: We've got you covered with maintenance and support, an operating system and all the necessary upgrades. One solution from one source.

Schindler Ahead MediaScreen

Focus on information

Maintenance work at short notice? Social gathering on the rooftop terrace? Ahead MediaScreen is the ideal solution for residential buildings to keep tenants up to date and connected. A vibrant internal news channel.

Perfect infotainment

The weekly lunch menu. A tenant appreciation event in the lobby. Communicate with visitors, guests and employees in office locations with both style and ease. An engaging communication platform.

Optimal size

Schindler Ahead MediaScreen is available in a 32" display – the ideal size for elevator cars. Perfect for animated content, time, weather or any building related information. A long-lasting impression.

Content management

Publishing content to the Ahead MediaScreen is efficient and easy. The web-based Ahead Content Management System (CMS) is user-friendly and allows content to be updated both remotely and in real time. Define playlists for each Ahead MediaScreen and outline allocations for certain times or special events. Perfectly timed messages.
